Education

Class	Board	Marks
B. Tech., Computer Science Engineering	West Bengal University of Technology	8.25/10.00
12th	WBCHSE	77.00
10th	WBBSE	76.00

Skills

Programming Languages	C, Java, Python, HTML
Database	MySQL
Operating Systems	Windows 10, Linux
Certifications	Machine learning, Artificial Intelligence
Software	Jupyter notebook, Spyder, Visual Studio, Python IDE, Photoshop, MS Word, MS Excel, MS PowerPoint
Other Skills	Networking, ML, Cyber security, Web development, CSS
Mobile Development	Android

Industrial Experience

INTERNSHIP ON ARTIFICIAL INTELLIGENCE WITH MACHINE LEARNING - *AILABS*   **Jun, 2023 - Aug, 2023**

Machine learning (ML) training is the process of teaching a computer system to learn patterns and make predictions or decisions without explicit programming. It involves feeding a model with labeled data, allowing it to recognize patterns and adjust its parameters iteratively. During training, the model aims to minimize the difference between its predictions and the actual outcomes. This process involves s

Projects

GAME BASED LEARNING APP - *Dream Institute of Technology*   **Sep, 2023 - Present**

A game-based learning app merges education with entertainment, utilizing interactive gaming elements to engage users in a dynamic and enjoyable learning experience. The app incorporates educational content seamlessly into game mechanics, fostering a more immersive and effective way for users to acquire and retain knowledge.

Fake news Detection - *Dream Institute of Technology*   **Jan, 2023 - Jun, 2023**

Developed a Machine Learning-based Fake News Detector Android App .
Expertly employed XML for front-end design, harnessed Python to construct the detection model, and leveraged Java
for seamless Android deployment.
